

## **SRX Race at Slinger Super Speedway - FAQ**

### **When will tickets go on sale and what are the prices?**

Tickets are on sale NOW! Purchase by going to [slingersuperspeedway.com](http://slingersuperspeedway.com), clicking the red Race Tickets button at the top of the page, and selecting July 25 from the menu.

Adults: \$50                      Seniors: \$45                      Child (ages 0-12): \$25

Reserved seating only, with optional pit pass add-on (see info regarding seats and pit passes in the next two questions)

-----

### **Everything is reserved seating, where should we sit?**

Ask the regulars and they'll likely tell you there isn't a "bad spot" to sit, but they all have their favorites, so here are some tips:

If you like "straight on" views, choose sections A, AA (turns ½) or I (turns ¾)

If you like to be in the "middle of the action", choose sections D, E, or F (frontstretch)

If you are a smoker, choose section G (that is the only smoking section, other than the grassy area near the men's bathroom)

Please note:

**\*Row numbers start at the bottom, so row 1 is closest to the track**

### **Will pit passes be available for purchase?**

Pit passes will be available in combination with grandstand seats. The pit pass is valid for the full event; however, there is VERY limited track-viewing area from the pits. The pit pass does not include the paddock area where the SRX cars are housed and does not include being in the SRX pit area during pit stops (viewing from a safe distance will be available). Drivers may take time for pictures/autographs in the pit area, but there is no guarantee as that is at their discretion. The pit pass DOES include a Q&A session with the drivers!

-----

### **How much is parking? What time does the parking lot open?**

FREE! It never closes!

-----

### **Which drivers are coming? Will there be an autograph session? Will the local hero spot be returning?**

At this time, we do not have any other details about the SRX portion of the event. Please stay tuned to both the SRX and Slinger Speedway social media; we will post as items are finalized.

-----

### **What other cars are running?**

Being the world's fastest high-banked ¼ mile asphalt oval, it seems only logical that we put our fastest cars on the track for this event! There will be a Super Late Model Invitational race prior to the SRX race; due to time constraints we need to limit the number of entries and they will qualify (for lineup purposes) and run the feature (no heats). Names of participating drivers will be posted closer to the event.
